Overall Length:

10.500 inches

Overall Width:

5.250 inches

Assembly Construction Method:

Mounted on terminal board

Criticality Code Justification:

Zzzy

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T172-f
