Reliability Indicator:

Not established

Thread Length:

0.187 inches

Terminal Surface Treatment:

Tin

Body Length:

0.812 inches

Body Outside Diameter:

0.562 inches

Probe Length:

0.750 inches

Probe Diameter:

0.062 inches

Mounting Facility Screw Thread Series Designator:

Unf

Inclosure Type:

Encased

Mounting Thread Quantity:

44 per inch

Zero Power Resistance:

25.000 ohms

Zero Power Resistance Tolerance In Percent At Reference Temp:

-4.0/+4.0

Mounting Facility Screw Thread Diameter:

0.125 inches

Special Features:

Two wire leads 25 in. Lg; plastic body

Unpackaged Unit Weight:

0.030 pounds

Style Designator:

Probe

Terminal Type And Quantity:

2 connector, plug

Purchase Description Identification:

5140-40-030-8770

Fsc Application Data:

Blood gas apparatus

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A086a0
