Board Material:

Fiber

Width:

5.000 inches

Overall Length:

5.375 inches

Overall Height:

0.250 inches

Overall Width:

5.000 inches

Thickness:

0.125 inches

Length:

5.375 inches

Mounting Method:

Plug-in

End Application:

Direct access radar channel

Component Quantity:

24

Assembly Construction Method:

Mounted on printed circuit board

Component Relationship:

Not matched

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T172-f
