Mounting Method:

Through hole

Component Quantity:

2 and 6

Usage Design:

5 way divider/combiner

Component Controlling Agency:

Hazeltine corp

Component Name:

Electrical dummy load, fixed film resistor

Component Identifying Number:

730655 part no. And 730091 part no.

Assembly Construction Method:

Mounted on printed circuit board

Component Relationship:

Not matched

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T172-f
