Board Material:
Plaster
Width:
3.850 inches
Length:
7.000 inches
Mounting Method:
Connector
Component Quantity:
2
Component Controlling Agency:
Harris corporation
Component Name:
Fixed film resistor
Component Identifying Number:
Rnr60c6651fs part no. And rnr60c2372fs part no.
Assembly Construction Method:
Mounted on printed circuit board
Component Relationship:
Not matched
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
T172-f
