Board Material:

Plaster

Width:

3.850 inches

Length:

7.000 inches

Mounting Method:

Connector

Component Quantity:

2

Component Controlling Agency:

Harris corporation

Component Name:

Fixed film resistor

Component Identifying Number:

Rnr60c6651fs part no. And rnr60c2372fs part no.

Assembly Construction Method:

Mounted on printed circuit board

Component Relationship:

Not matched

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T172-f
