Board Material:

Plaster

Width:

2.500 inches

Length:

3.880 inches

Mounting Method:

Connector

Component Quantity:

26

Component Controlling Agency:

Harris corporation

Component Name:

Fixed film resistor

Component Identifying Number:

Rnc90y1k020qtm part no. And rnc90y100r00tm part no. And rnc90y8k8700tm part no. And rnr60c6651fs part no. And rnr60c2492fs part no.

Assembly Construction Method:

Mounted on printed circuit board

Component Relationship:

Not matched

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T172-f
