Mounting Method:

Solder

End Application:

Peacekeeper imu

Component Quantity:

7 and 1 and 1

Component Name:

Carbon resistor, plug adapter, solid elec wire

Assembly Construction Method:

Terminals soldered together

Component Relationship:

Not matched

Special Features:

Elek comp assembly (a5)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T172-f
