Board Material:

Any acceptable

Width:

Between 1.470 inches and 1.530 inches

Thickness:

0.250 inches

Length:

Between 8.100 inches and 8.160 inches

Mounting Method:

Any acceptable

Component Quantity:

7

Assembly Construction Method:

Mounted on printed circuit board

Component Relationship:

Not matched

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T172-f
