**End Application:**

Patriot missile

**Supplementary Features:**

Resistance value porm 2 pct, ohms equal 100; clean lead to clean lead length 0.450 in; diameter 0.138 in (lead located at true position within 0.15 dia); lead diameter 0.032 in; insulated 1/2 watt

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A001a0
