Section Quantity:

1

Body Style:

Cylindrical bushing mounted

Actuator Type:

Integral knob with counter

Features Provided:

Shaft seal and humidity proof

Special Features:

14.7v max, 4a; neg gnd only; resistive load; rev polarity protected; black wire must be ground; lighting control only

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A002a0
