Width:

5.535 inches

Thickness:

0.062 inches

Length:

7.100 inches

Mounting Method:

Solder

Assembly Construction Method:

Mounted on printed circuit board

Component Relationship:

Not matched

Special Features:

C/o 48 resistors p/n rwr80s3160fs; 1 connector; u/o ita pwa

Fsc Application Data:

Resistors

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T172-f
