Terminal Type:

Wire lead

Board Material:

Any acceptable

Mounting Method:

Printed circuit terminal

End Application:

4920-01-252-3637 accessory kit

Component Quantity:

2

Mounting Configuration:

Soldered in holes provided on pwb

Assembly Construction Method:

Mounted on printed circuit board

Component Relationship:

Not matched

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T172-f
