Actuator Type:

Single shaft

End Application:

6130-01-456-7540 converter, frequency, static onboard 420 ft wagb coast guard vessels

Mounting Method:

Tab

Electrical Resistance Per Section:

201.0 ohms single section

Special Features:

1.125 in. Shaft lg; bushing, locking .500 in. Lg; hot molded single, configuration lug terminal

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A002a0
