Switch Voltage Rating In Volts:

27.0

Maximum Starting Torque:

2.00 inch-ounces

Maximum Running Torque:

2.00 inch-ounces

Maximum Stop Torque:

2.00 inch-ounces

End Application:

Temperature selector indicator assembly p/n 588530-3 and -5, model number tsl104-1

Special Features:

Used on the p-3 aircraft; each temperature selector indicator assembly contains 3 matched resistors

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A002a0
