**Mounting Method:**

Through hole and solder

**End Application:**

Ueu wra

**Assembly Construction Method:**

Mounted on terminal board

**Component Relationship:**

Not matched

**Special Features:**

Consists of terminal board; feedthru insulator terminals; resistor (1), 30.1 ohm, 2 w, 1%

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T172-f
