**Mounting Method:**

Solder

**End Application:**

5895-01-461-9786

**Component Quantity:**

20

**Component Name:**

Resistor network assembly

**Assembly Construction Method:**

Mounted on printed circuit board and mounted on panel

**Component Relationship:**

Connected matched pair

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T172-f
