Mounting Method:

Solder

End Application:

5895-01-461-9786

Component Quantity:

20

Component Name:

Resistor network assembly

Assembly Construction Method:

Mounted on printed circuit board and mounted on panel

Component Relationship:

Connected matched pair

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T172-f
