End Application:

Hoist drive enclosure assembly

Component Name:

Dynamic brake resistor assembly

Special Features:

This assembly includes 3-edgewound thread-mounted resistors enclosed. Each resistor is 0.43-ohms, plus or minus 10%; 36-amps, and 1.685 kw

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T172-f
