**End Application:**

Hoist drive enclosure assembly

**Component Name:**

Dynamic brake resistor assembly

**Special Features:**

This assembly includes 3-edgewound thread-mounted resistors enclosed. Each resistor is 0.43-ohms, plus or minus 10%; 36-amps, and 1.685 kw

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T172-f
