Terminal Quantity:

4

End Application:

Spawar-5 (559100), load bank , resistive.

Special Features:

1000w @ 120vac, incoly, 18 inch long, "u" shaped element.

Supplementary Features:

Part no. 47bd136661 is the no. Of the resistor before it is bent a adapted w/the mounting bushing

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T172-g
