Terminal Quantity:

2

Terminal Type:

Wire lead

Overall Length:

2.043 inches

Overall Width:

0.220 inches

Overall Diameter:

0.906 inches

Element Material:

Metal

Special Features:

Typical capacitance (picofarads) 12000

Supplementary Features:

Operating ambient temperature range -55c to +85c

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T172-d
