Thermal Resistor - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5905-01-534-5935

Reliability Indicator:
Not established
Body Length:
3.30 millimeters
Body Height:
0.61 millimeters
Inclosure Type:
Encased
Product Name:
Resettable ptcs
Special Features:
Tin plated copper terminal material; 85 degrees celsisus, 1000 hours passive aging; mins 40 degrees to plus 85 degrees celsisus operating
tempeature;
Style Designator:
Chip
Shelf Life:
N/a
Unit Of Measure:

Demilitarization:
No
Fiig:
A086a0
