Reliability Indicator:

Not established

Maximum Operating Temp:

1200.0 degrees fahrenheit

End Application:

Misc parts auxiliary systems lcs 0001

Inclosure Type:

Encased

Zero Power Resistance:

100.000 ohms

Product Name:

Explosion proof platinum rtd, series 22, spring loaded probe

Style Designator:

Probe

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A086a0
