Reliability Indicator:

Not established

Thread Length:

0.180 inches

Body Length:

Between 0.480 inches and 0.510 inches

Maximum Operating Temp:

200.0 degrees celsius

End Application:

Missile

Mounting Facility Screw Thread Series Designator:

Unc

Inclosure Type:

Uninclosed

Width Across Flats:

Between 0.240 inches and 0.260 inches

Product Name:

Ntc thermistor probe

Style Designator:

Bead in machine screw

Terminal Type And Quantity:

2 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A086a0
