Body Style:

Rectangular w/mounting hole/slot

Body Length:

1.690 inches

Body Width:

1.020 inches

Body Height:

1.970 inches

End Application:

Connector housing 596.289 and terminals c-2004

Features Provided:

Switch

Electrical Resistance Per Section:

21.0 ohms single section

Special Features:

All parts are black in color

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A002a0
