End Application:

Boat, unmanned, 40ft 40uc0701

Product Name:

Lips series p111 rugged linear position sensor

Special Features:

The lips p111 is a ruggedized version of the p101 sensor with 12.7 mm target rod for increased strength; recommended for high vibration environments and for the longer strokes when used horizontally supported between rod eye bearings; provides dc analogue output signal

Supplementary Features:

The sensors have rugged stainless steel body and target rod; rod can be supplied as a free assembly, with optional rod end bearing; body may be supported by a rod end or by a clamp; sensors are sealed in ip65 or ip67

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
