**Product Name:**

3313-3mm trimming potentiometer

**Special Features:**

Surface mount 3mm square single-turn cermet/sealed; power rating (200 volts max); operating temp range -55 degrees c to +125 degrees c; seal test; 85 degrees c fluorinet; plastic housing for rf applications

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A002a0
