Product Name:

3313-3mm trimming potentiometer

Special Features:

Surface mount 3mm square single-turn cermet/sealed; power rating (200 volts maximum); operating temp range -55 degrees c to +125 degrees c; seal test: 85 degc fluorinet; plastic housing for rf applications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A002a0
