Body Style:

Rectangular

Body Width:

5.0 millimeters

Body Height:

9.7 millimeters

Special Features:

Mechanical travel: 22 turns plus or minus 5; operating torque: 1.5; end stop torque: clutch action; weight: 1.2g; temperature range: -55 degree celsius to 155 degree celsius; climatic category: 55/125/56; sealing: fully sealed, container ip67

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A002a0
