Inclosure Method:

Encased

End Application:

Misc parts cmd x surveil nacu 0002

Product Name:

Potentiometer

Special Features:

Hot molded carbon element; gold plated terminals; stainless steel shaft and housing; resistance range-linear taper 50 ohms to 5 megaohms; resistance range-logarithmic taper 150 ohms to 1 megohm; resistance tolerance porm 10% or porm 20%

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A001a0
