## NSN 5905-01-583-1557

Wire Wound Fixed Resistor - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5905-01-583-1557

Inclosure Method:
Encased
End Application:
Misc parts cmd x surveil nacu 0002
Product Name:
Potentiometer
Special Features:
Hot molded carbon element; gold plated terminals; stainless steel shaft and housing; resistance range-linear taper 50 ohms to 5
megaohms; resistance range-logarithmic taper 150 ohms to 1 megohm; resistance tolerance porm 10% or porm 20%
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A001a0
