## NSN 5905-01-586-3968

Film Fixed Resistor - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5905-01-586-3968

| Electrical Resistance:                     |
|--|
| 698.000 megohms each resistor              |
| Resistance Tolerance In Percent:           |
| -0.001/+0.001 each resistor                |
| Inclosure Method:                          |
| Hermetically sealed                        |
| Reliability Indicator:                     |
| Established                                |
| Reliability Failure Rate Level In Percent: |
| 0.001                                      |
| End Application:                           |
| German air force time code generator       |
| Product Name:                              |
| Fixed film resistor                        |
| Specification Data:                        |
| Mil-prf-55182h government specification    |
| Shelf Life:                                |
| N/a  |
| Unit Of Measure:                           |
|  |
| Demilitarization:                          |
| No   |
| Fiig:                                      |
| A001a0                                     |
| Mil-std (military Standard):               |
| Mil-prf-55182h spec.                       |
|  |
