Terminal Type:

Wire lead

Body Diameter:

3.6 millimeters

Mounting Stud Length:

25.0 millimeters

Body Length:

9.5 millimeters

End Application:

NSN6-62-501-5136

Product Name:

Carbon composition resistor

Style Designator:

Axial terminal each end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A001a0
