End Application:

Used on: emergency power distribution switch board

Product Name:

(inavy) mov assembly

Special Features:

Description: metal oxide varistor assembly; consists of: terminal lug ring p/n 19069-0056 cage: molex; heat shrink tubing p/n fp-301 1/16in bl, cage: 3m; mov 510v standoff voltage varistor p/n v510ab0b or v510ab0br cage: littlefuse; contract control no.: pvr388724; dwg is itar

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T172-f
