

View Online at <https://aerobasegroup.com/nsn/5905-01-646-9940>

Features Provided:

Rohs directive compliance

Product Name:

Wire wound resistors, industrial, precision power, silicone coated, axial lead

Special Features:

Operating temperature reange -65 degrees to +350 degrees c; meets applicable requirements of mil-prf-26

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A001a0

Mil-std (military Standard):

Mil-prf-26 spec.
