Terminal Quantity:

4

Terminal Type:

Wire lead

Overall Height:

0.335 inches

Mounting Method:

Terminal

Component Quantity:

2

Component Controlling Agency:

Autonetics

Component Name:

Capacitor fixed electrolytic

Component Identifying Number:

67787-401-21 drawing no.

Component Relationship:

Not matched

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T172-f
