Overall Length:

0.500 inches

Overall Diameter:

3.062 inches

Mounting Method:

Holes

Component Quantity:

1 and 28

Component Controlling Agency:

Stackpole carbon co, erie resistor corp

Component Name:

Fixed ceramic dielectric capacitor, variable ceramic dielectric

Component Identifying Number:

Ga5-1uuf part no. And 3221-201 part no.

Component Relationship:

Not matched

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
