Overall Length:
0.500 inches
Overall Diameter:
3.062 inches
Mounting Method:
Holes
Component Quantity:
1 and 28
Component Controlling Agency:
Stackpole carbon co, erie resistor corp
Component Name:
Fixed ceramic dielectric capacitor, variable ceramic dielectric
Component Identifying Number:
Ga5-1uuf part no. And 3221-201 part no.
Component Relationship:
Not matched
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
T172-f
