Reliability Indicator:

Not established

Body Length:

1.750 inches

Body Width:

1.310 inches

Schematic Diagram Designator:

No common or grounded electrode (s)

Mounting Facility Screw Thread Series Designator:

Unc

Thread Size:

0.138 inches

Tolerance Range Per Section:

-20.00 to 20.00 percent single section

Case Material:

Plastic

Terminal Type And Quantity:

2 threaded hole

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A010b0
