Overall Length:

1.116 inches

Overall Diameter:

0.447 inches

Mounting Method:

Terminal

Component Quantity:

2

Component Controlling Agency:

Erie technological products inc

Component Name:

Fixed dielectric capacitor, variable plastic dielectric

Component Identifying Number:

2932-001 type no. And 530 part no.

Component Relationship:

Not matched

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
