Paper Dielectric Fixed Capacitor - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5910-00-112-7332 **Reliability Indicator:** Not established **Body Length:** 3.750 inches **Body Width:** 2.250 inches **Terminal Height From Body:** 1.750 inches **Schematic Diagram Designator:** No common or grounded electrode (s) **Capacitance Value Per Section:** 4.000 microfarads single section **Tolerance Range Per Section:** -10.00 to 20.00 percent single section **Terminal Type And Quantity:** 2 solder stud Shelf Life: N/a **Unit Of Measure:**

Demilitarization:

No
