End	App	lication:
-----	-----	-----------

Aircraft, (ac-130h, mc-130h, ec-130e, hc-130); aircraft, galaxy c-5

Criticality Code Justification:

Feat

Special Features:

Weapon system essential

General Description:

0.790 in Ig, 0.790 in dia, 2 terminals of 24 gauge stranded polytetrafluoroethylene coatedwire, terminals 6 in Ig, capacitance 0.712 mfd min to 0.788 mfd max, operating voltage 115 vac

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
