Overall Length:

1.111 inches

Overall Diameter:

0.385 inches

Mounting Method:

Tab

Component Quantity:

1 and 1

Component Controlling Agency:

Erie technological products inc

Component Name:

Fixed mica dielectric capacitor, variable plastic dielectric

Component Identifying Number:

652-025 type no. And 530-000 type no.

Component Relationship:

Not matched

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T172-f
