Overall Length:
1.111 inches
Overall Diameter:
0.385 inches
Mounting Method:
Tab
Component Quantity:
1 and 1
Component Controlling Agency:
Erie technological products inc
Component Name:
Fixed mica dielectric capacitor, variable plastic dielectric
Component Identifying Number:
652-025 type no. And 530-000 type no.
Component Relationship:
Not matched
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
T172-f
