Overall Length:

0.700 inches

Overall Diameter:

0.447 inches

Mounting Method:

Bracket

Component Quantity:

3

Component Controlling Agency:

Erie resistor corp

Component Name:

Fixed mica dielectric capacitor

Component Identifying Number:

370bb type no.

Component Relationship:

Not matched

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T172-f
