Overall Length:
5.188 inches

Overall Height:
1.250 inches

Mounting Method:

Overall Width: 1.563 inches

Holes

Component Quantity:

1 and 1

Component Controlling Agency:

Hammarlund mfg co.

Component Name:

I section variable air dielectric capacitor

Component Identifying Number:

Mapc type no. And mc-m type no.

Component Relationship:

Not matched

Shelf Life:

N/a

Unit Of Measure:

Demilitarization:

No

Fiig:

T172-f
