Overall Length:

1.375 inches

Overall Diameter:

2.625 inches

Mounting Method:

Holes

Component Quantity:

12 and 4 and 4 and 2 and 3 and 2

Component Controlling Agency:

Erie resistor corporation aerovox corporation aerovox corporation stackpole carbon co stackpole carbon co stackpole carbon co

Component Name:

Variable ceramic dielectric capacitor fxd ceramic dielectric capacitor fxd ceramic dielectric capacitor fxd ceramic dielectric capacitor fxd ceramic dielectric capacitor fxd ceramic dielectric capacitor

Component Identifying Number:

3134-009 t2po 73r part no. And c1-1 type no. And c1-1 type no. And ga type no. And ga type no. And ga type no.

Component Relationship:

Not matched

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T172-f
