Overall Length:

1.000 inches

Overall Diameter:

2.625 inches

Mounting Method:

Holes

Component Quantity:

12 and 4

Component Controlling Agency:

Erie resistor corp; erie resistor corp; stackpole carbon co; stackpole carbon co; stackpole carbon co

Component Name:

Variable ceramic dielectric capacitor; fxd ceramic dielectric capacitor; fxd electrolytic capacitor; fxd electrolytic capacitor; fxd electrolytic capacitor

Component Identifying Number:

3134-009t+097r part no. And 315-000-c060-5090 part no. And ga1.5 type no. And ga2.2 type no. And ga3.3 type no.

Component Relationship:

Not matched

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T172-f
