Terminal Quantity:

4

Terminal Type:

Solder lug

Mounting Method:

Plate

Component Quantity:

2

Component Controlling Agency:

Erie technological products

Component Name:

Variable ceramic capacitor

Component Identifying Number:

3153-001copo-10r part no.

Component Relationship:

Not matched

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T172-f
